Sun rises tomorrow at 5:07 and sets 7:03. High water at 5:50 a. m. and 6:26 p. m.

WEATHER PROBABILITIES.—For this section partly cloudy tonight. Wednesday showers and warmer, fresh northeast winds, shifting to southeast.

Going to Japan.

Mrs. Hugh M. McElhenny, jr., of the University, left today to join her brothers and sisters in Staunton. The family will gather in the Augusta capital to spend a few weeks with their brother, the Rev. Roger Atkinson Walker, of Staunton, who expects to sail from San Francisco, August 30, for Tokyo, to receive the chair of English in St. Paul's College in that city, and to take charge of the evangelical work among the students in the college. St. Paul's College was founded by the Rev. St. George Tucker, son of Rev. Beverly Tucker, of St. Paul's church, in Norfolk, about five years ago, and now has between 800 and 900 students. The Rev. Roger Walker is a graduate of the Episcopal High School near Alexandria and a M. A. of the University of Virginia. He was ordained at the Episcopal Theological Seminary of Alexandria. Mr. Walker does not expect to return to his native land again for seven years. —[Charlottesville Progress.]

Knocked Down by a Train.

A young man, who was under the influence of liquor, had a narrow escape of from being killed on Royal street, between King and Prince, about ten o'clock this morning. The young man staggered from the northeast corner of Prince streets to the opposite corner and started north, reeling as though walking in his sleep. He had reached the centre of the square when an electric train started for Washington. His attention was attracted by the train and he proceeded in his dazed condition toward it and attempted to board one of the cars. In doing so he was struck by the car, but fortunately knocked away from the wheels. In falling, however, one of his arms was brought dangerously near the rails. People who witnessed the incident called to the motorman and he immediately brought the train to a standstill, while several people ran to the young man and picked him up. All were glad to find that he had received no injury.

River Notes.

The new steamer Pocanoket stopped this morning on her way to Colonial beach. She had a large complement of passengers from Washington which was materially increased by a large number of Alexandrians who went on a trip to the beach.

The three-masted schooner Norman is loading railroad ties at W. A. Smoot & Co.'s, wharf for Boston.

The tugboat George W. Price, belonging to Captain A. J. Fair, which was recently damaged by fire, has been repaired and is in again in service on the river.

Stole Lumber from Shipyard.

On Sunday night last some river thieves went to the shipyard in a row boat and threw overboard several planks and pieces of timbers. A youth employed on a vessel lying in the dock had his attention attracted by the procedures, and he says one of the thieves fell overboard and narrowly escaped being drowned. He was finally rescued by one of his companions. The stolen lumber was towed up the river. Yesterday Lieutenant Smith located the property. It had been towed ashore and secured by the thieves. The police are endeavoring to identify the men who visited the shipyard.

The advertisement of the Alexandria and Washington Business College and Shortland Institute appears elsewhere in the Gazette. This institution will afford young men and women an opportunity to be instructed by practical business men, noted authors and experienced educators. The college office is situated at the southeast corner of Pitt and King streets. Those in charge of this institution have had years of experience and have the endorsement of the most practical educators in the country.

Colored Man Drowned.
Soon after noon yesterday one of the colored deck hands on the barge William R. McCree, of Norfolk, lying at the new Long Bridge, was missed from his post, and fellow-workmen saw his hat floating in the river. The body was later recovered. The man's name was supposed to be Jackson, but it is not known whether his home was in Washington or Norfolk. It is supposed that he fell overboard, and, being unable to swim, was drowned.

Stock Purchased.
A few days ago the representatives of the Alexandria Shoe Company offered to dispose of their stock of shoes, leather, &c., to the Paff Shoe Company, and satisfactory terms having been agreed upon, the bargain has been closed. The stock will be removed to the Paff factory immediately. The Paff Shoe Company is making arrangements to meet increased demands for their products during the present year.

Struck by a Train.
An electric train which left this city at seven o'clock Sunday morning for Washington struck a colored man who was sitting on the end of a crate the asleep near St. Elmo station. The darkey was knocked aside by the fender, but not materially injured. He had a bag of cabbages near him at the time, and seemed more solicitous about them than his own injuries.

Negroes in a Fight.
People from Alexandria county who were in the city today say negroes employed by the Old Dominion and Great Falls Railroad Company engaged in a fight in the camp near Cherryside Sunday night. The particulars could not be learned, and it is not known whether any of the combatants were seriously injured. The darkeys are from Alabama.

Retail Merchants.
A meeting of the Retail Merchants' Association was held last night. Considerable business of interest to the organization was transacted. Mr. J. T. Cook was elected secretary. Mr. C. J. Dearborn was also a candidate for the position. The vote stood: Cook 11, Dearborn 8.

A man, arrested by Officer Smith charged with disorderly conduct, was dismissed.

Rebecca Middleton, colored, arrested by Officer Young charged with disorderly conduct and fighting, was fined \$2.50.

James Lewis, colored, arrested by Officers Betts and Beach for disorderly conduct and fighting, was dismissed.

A man arrested by Officer Nicholson charged with keeping a dog without a license, was dismissed upon promising to procure the same.

Property Sales.

Mr. Frank Tubia has sold to Mr. Chas. King the store at the northeast corner of King and St. Asaph streets and the store adjoining on the east. The price paid is not stated in the deed conveying the property.

A deed was recorded in the Clerk's office today from Francis Miller to Harrison Allen conveying the lot at the northeast corner of Washington and Montgomery streets; consideration \$150.

Will Not Appeal.

Justice Caton yesterday received from John Entwistle a check for \$75, the amount of the fine imposed upon him in the Police Court one day last week for the unlawful sale of cocaine. The accused, it will be remembered, noted an appeal to the Corporation Court. He later, however, concluded to pay the fine and not appeal from the Justice's decision.

Sudden Death.

Mrs. Mary Rittenour died suddenly at her home on King street about ten o'clock this morning. Her death is supposed to have been due to heart disease. Mrs. Rittenour was a daughter of the late Wesley Avery. She leaves four children.—Messrs. Avery, Frederick, Richard and Russell Rittenour.

Paints and Wall Paper.

C. E. Nicholson, at 318 King street, has a large and varied stock of paints and wall paper. He is offering these goods at a reduction of from 25 to 50 per cent.

ELECTRIC LIGHTING.

To the Editor of the Alexandria Gazette:
An article in last night's Gazette states that the electric power is running low in this city at 25 cents for 24 hours, and that one such day is equal to ten 16 candle power incandescent lights.

Expressing this data in electrical terms, ten 16 candle power lights burning 24 hours are equal to 12,000 watts. One of our street electric lights, burning all night, is equal to 3,750 watts. By simple proportion, according to these figures, we should get the current required for a street light from the railway company for 1.56 cents per night or \$5.30 a year. At this rate the 89 lights required for lighting the city would cost \$472 per annum.

Will Mr. Sparks kindly show cause why the City Council should not be enjoined against the annual expenditure of \$6,500 for running the city electric light plant, when, according to his own statement, the same service can be obtained from the electric railway for the comparatively insignificant sum of four hundred and seventy-two dollars?

The gentleman as a Councilman and guardian of the public is thus uttering not a single word of protest against this reckless extravagance, but on the contrary he advocates, in the same article, an appropriation of \$20,000 to build a new plant for further petting this unnecessary expenditure of the public money. C. E. THOMPSON.

The Death Penalty.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best Salve on earth and will prevent fatality when Burns, Sores, Ulcers and Piles threaten. Only 25c. at E. S. Leadbeater & Sons Drug Store.

Deviled Crabs are made fresh twice daily at Rammel's Restaurant—at five o'clock in the afternoon and eight o'clock in the evening. Both phones.

RECEIVED DAILY.—Large lot fresh Potomac River WATERMELONS and CANTALOUPES. Prices low.

ANDERSON'S.

MASSON.—A called meeting of ANDREW JACKSON LODGE, No. 120, A. F. & A. M., will be held at the temple TUESDAY NIGHT, August 9th, at 8:20 o'clock, for Work. M. Degree. By order of the Worshipful Master. J. E. ALEXANDER, Secretary.

CITY GAS OFFICE. City Hall, Alexandria, Va., July 27, 1904.

J. B. WALLER, Clerk of Gas.

NEGROES IN A FIGHT.
People from Alexandria county who were in the city today say negroes employed by the Old Dominion and Great Falls Railroad Company engaged in a fight in the camp near Cherryside Sunday night. The particulars could not be learned, and it is not known whether any of the combatants were seriously injured. The darkeys are from Alabama.

LOCAL BREVITIES.
The temperature today has been delightful, the mercury not quite reaching the 80 mark.

A marriage license was issued in Baltimore yesterday to Vance H. Peele and Emma J. Smith, both of Alexandria.

Miss Nellie Williams had her left hand seriously burned while at work at the laundry on south Fairfax street this morning.

Mr. J. T. Shaw has received the contract for constructing a handsome frame residence for Mr. Irving Brawner on north Columbus street.

Reese Johnson, colored, charged with stealing a bicycle in Washington, was today turned over by Lieutenant Smith to Detective Trumbo of that city.

The weather was cool throughout last night, and this morning the atmosphere savored of that early fall. The Weather Bureau, however, announces that warmer conditions are in transit.

An absolute divorce was yesterday granted in Baltimore to Robert W. Terry from Mary H. Terry, and also custody of their minor child. They were married July 19, 1882, at Alexandria, and separated August 20, 1898, when she abandoned him.

Officer Nicholson this morning arrested a strange colored man who was found loitering around one of the railroad depots. He could give no satisfactory account of himself, and he will be arranged on a charge of vagrancy tomorrow morning.

On the Alexandria Light Infantry excursion yesterday the drill medal was won by Private B. M. Dobson and the shooting medal by Private T. N. Carter. On the return trip the Alexandria Mandolin Association rendered several selections.

Another Injunction.
Another sensation in the Gould-Fisher fight involving the properties of the Virginia Passenger and Power Company was sprung in Richmond yesterday when Judge R. H. Cardwell, of the State Court of Appeals, granted an appeal sought by the Goulds from the decision of the Corporation Court of Petersburg appointing a receiver in the interest of Fisher.

It was a great work that went on at Petersburg Sunday over the copying of the record, and finally Frank W. Christian proceeded to Hanover county, where he spent the night, and presented the papers to Judge Cardwell at his home yesterday morning, where the judge signed them at 7:30 o'clock.

In the present status of the case there will be no question of jurisdiction between the State and federal courts until the appeal matter is determined, and that will not be until the March term of the State Supreme Court. It is understood that the lawyers for Fisher, who are again whipped out, were preparing to appeal from the decision of Judge Waddill to a higher court in order to have the appointment of Gould's receivers, Messrs. Wickham and Northrop, set aside.

This, presumably, stops George Cameron, jr., the Fisher receiver, from acting, and leaves the affairs of the concern in the hands of Messrs. Wickham and Northrop.

At the Sunday morning service yesterday the First Baptist Church of Winchester extended a call to Rev. F. P. Berkley, of Middleburg. It is thought that Mr. Berkley will accept.

Romance Ends in Death.
Death brought to an abrupt end the last chapter in the romance of Miss Clara Sulzer at the German Hospital in New York yesterday. The gown which she was to have worn at her wedding, on September 7, will be her shroud.

She died shortly after dawn. Miss Sulzer was the daughter of the late Herman Sulzer and the niece of Congressman Sulzer. She was introduced to William Gibson three months ago by Senator Frawley. They were mutually attracted, and Gibson became a steady caller at the Sulzer home, where Miss Sulzer lived with her mother. Gibson stopped at the house one day while on his way to the races. He and Miss Sulzer picked different horses for a race and Gibson's choice was Lord Badge. Miss Sulzer agreed to answer an important question satisfactorily if Lord Badge won. The horse won and the engagement of Miss Sulzer and Mr. Gibson was announced. The marriage was arranged to take place at St. Andrew's Episcopal Church on September 7. Miss Sulzer's trousseau was complete when she was stricken with appendicitis. She was removed to the German Hospital, where an operation was found necessary. She could not stand the shock, and after the operation the physicians announced to her relatives and Gibson that she would not recover. Gibson remained at the hospital night and day, sitting by her bedside and soothing her pain with cheering words of their future happiness. He was there when the end came yesterday.

Hazy Condition of Atmosphere.
The hazy condition of the atmosphere which has existed for the past four days recalls the dense haze which hung over this part of the country for half a dozen days last August as the result of forest fires in the north and east. Weather Bureau officials, also, when they report this haze, refer to the years 1884 and 1885, when violent volcanic eruptions in Sumatra threw off so much smoke that a pronounced haze was thrown over the whole earth for a long time. Throughout the month of September, 1881, a haze hung over a large portion of the country. In the present instance the cause is attributed to a stagnant atmosphere. This explanation was fully borne out by the Weather Bureau observations, for the velocity of the wind on Sunday sank to the low maximum of only 10 miles an hour, and the minimum was as low as three miles an hour, and the setting sun showed a golden red as its rays were deflected by the sluggish atmosphere.

Military Men at Odds.
As the result of a sensational encounter between Capt. George Fitchett, of the Newport News Light Infantry, and Captain Solomonsky, of one of the Norfolk militia companies, yesterday Captain Fitchett was arrested and put in the guard-house. He is charged with being drunk, cursing and abusing his superior officer, and conduct unbecoming a gentleman and officer and will probably be court-martialed. The Seventy-first Regiment is in annual camp at Ocean View. Captain Solomonsky was acting as officer of the day, when he came upon Captain Fitchett and reprimanded him for indecorous behavior. The latter replied with spirit and his arrest was ordered.

The Berlin Lokal Anzeiger reports that the Czar recently found on his desk in his drawing room at Peterhof a memorandum explaining the motives for the assassination of M. Plehve, and announcing that other murders would be committed until Russia was liberated from despotism. The Czar, says the paper, immediately sent for Count Muraviev, the Minister of Justice, and gave him the documents, ordering an inquiry. The commander of the palace, General Hesse will be suspended for permitting the memorandum to reach the Czar's desk.
